1. *Chlorophyll a* (Chl *a*) was determined by the method of Arar and Collins (1971) using a Shimadzu UV-160U ultraviolet-visible spectrophotometer. The concentration of Chl *a* was calculated from the absorbance reading at 663 nm using the following equation: $\text{Chl } a (\mu\text{g mL}^{-1}) = 11.96 \times \text{Absorbance at } 663 \text{ nm}$.

THE STATISTICAL SUPPLEMENT

TO

THE FORT ST. GEORGE GAZETTE

No. 5-B] MADRAS, TUESDAY EVENING, FEBRUARY 2, 1943

REPORT ON CROPS.

Statistics—Crop—Groundnut—1942—Fourth or final report

The sown area under groundnut in the Madras Province during the five years ending 1941-42 represents 44.9 per cent of the total area under groundnut in India.

2. The area sown with groundnut in the Province in 1942 is estimated at 3,950,000 acres. When compared with the corresponding estimate of 2,742,000 acres for the previous year and the actual area of 2,564,410 acres according to the Census and Crop Report of the previous year, the present estimate reveals an increase of 39.9 per cent and 57.1 per cent respectively. The estimated area for this year is less than the average area of 3,425,314 acres by 6.7 per cent.

3. The increase in area is general outside Thanjavur, Karaikal, Pudukottai and Villupuram and is due chiefly to the prevalence of high prices for groundnut during the sowing season. The increase in area is marked in Karaikal (+ 25,000 acres), Madurai (+ 42,000 acres), South Arcot (+ 37,000 acres) and North Arcot (+ 44,000 acres).

4. The harvesting of the crops is well advanced and the harvesting of the winter or main crop is proceeding.

The yield per acre is expected to be normal in East Godavari and Visakhapatnam and below the normal in other districts due mainly to drought. The crop was also

affected in some extent by light frosts in parts of Chingleput and Tanjore. The yield per acre is estimated to be low in Anantapur (40 per cent), Bellary and Chingleput (50 per cent in each) and Karaikal, Guntur, Nellore, Chingleput and North Arcot (70 per cent in each). The estimated losses for the Province as a whole works out to 24 per cent of the average as against an estimate of 18 per cent in the Census and Crop Report of the previous year. On this basis, the yield is expected to be 1,261,000 tons of estimated seeds as against 1,325,315 tons in the previous year, a decrease of 5.4 per cent. The yield in an average year is estimated at 1,778,558 tons.

5. The wholesale price of groundnut (shelled) per bag (net weight of 48-51 lb.) (equivalent to 5,267 lb.) as reported from important markets during the 1942 January 1943 was Rs. 10-1-0 in Adoni, Rs. 10 in Channarayana and Talipeta, Rs. 9-10-0 in Nandod and Madhup, Rs. 9-5-0 in Renigunta, Rs. 9-4-0 in Guntur and Rajahmundry, Rs. 9-4-0 in Visakhapatnam, Rs. 9 in Visakhapatnam and Veluru, Rs. 8-15-0 in Bellary, Rs. 8-10-0 in Chingleput, Rs. 8-10-0 in Pudukottai and Rs. 7-5-0 in Guntur. When compared with the prices published in the last report, i.e. those which prevailed on 26 November 1942, these prices reveal a rise of approximately 15 per cent in Talipeta, 28 per cent in Veluru, 22 per cent in Visakhapatnam and Nandod, 20 per cent in Chingleput, 30 per cent in Guntur and Adoni, 27 per cent in Bellary, 26 per cent in Visakhapatnam, 24 per cent in Chingleput, 16 per cent in Karaikal, 10 per cent in Chingleput and 2 per cent in Guntur.

Statistics—Crops—Gladly—1942-43—Third Report

The average area under gladly in the Madras Province during the five years ending 1939-41 amounts 107 per cent of the total area under gladly in India.

2. The area under gladly up to 15th December 1942 is estimated at 562,520 acres. When compared with the area of 535,800 acres estimated for the same corresponding period of last year, it reveals an increase of about 10 per cent. The increase in area is generally due to the prevalence of high prices for gladly during the winter period.

3. The estimated area in the various districts of last year in West Godavari and Coimbatore. An increase in area is estimated in East Godavari, the Deccan (4,17,780 acres), Madras, North Arcot, the Central districts except Tiruchirappalli, Tenjore, Madurai and South Kanara and a decrease in area in the other districts of the Province.

4. The main crop has been harvested except in the South. The yield per acre is estimated to be normal in South Kanara and below the normal in the other districts due to drought especially in Anantapur (30 per cent).

Kannur, Taluk, Nilgiris, Chingleput and Chittoor (30 per cent in each).

5. The estimated factor for the Province as a whole works out to 83 per cent of the average as against 82 per cent for the corresponding period of last year. On that basis, the yield is estimated at 91,000 tons as against 91,600 tons estimated for the corresponding period of last year, a decrease of 0.6 per cent.

6. The estimated price of gladly per imperial canted of 42-50 Rs. (equivalent to 3.50/-) as reported from Government markets on the 11th January 1943) was Rs. 11-14-8 in Bangalore and Kolar, Rs. 10-8-0 in Coimbatore and Tanjore, Rs. 12-8-0 in Tiruchirappalli and Tirunelveli, Rs. 12-1-0 in Tirupattur and Coimbatore, Rs. 10-14-8 in Madras, and Rs. 11-0-0 in Thanjavur. When compared with the prices published in the last report, i.e., those which prevailed on the 8th September 1942, these prices reveal a rise of approximately 20 per cent in Tiruchirappalli, 18 per cent in Tirunelveli, 15 per cent in Kolar, 14 per cent in Coimbatore, 8 per cent in Tanjore, 5 per cent in Coimbatore and 4 per cent in Tirupattur and a fall of approximately 3 per cent in Tiruchirappalli and 2 per cent in Madras.

7. Figures by districts are given below—

(Area in hundreds of acres, i.e., 47 being rounded, yield in hundreds of tons, i.e., 40 being rounded)

LEGAL DEPARTMENT.

NOTIFICATION.

The following Statement of the reasons which have moved His Excellency the Governor to enact the Madras Electricity Duty (Amendment) Act, 1943, in exercise of the powers of the Provincial Legislature assumed by him under the Proclamation issued under section 92 of the Government of India Act, 1935, is published for general information:—

STATEMENT.

Section 134-A of the Government of India Act, 1935, imposes two distinct conditions on provincial taxation on sales of electricity, namely:—

- (1) that no tax shall be imposed on electricity sold to the Central Government for consumption by that Government, or to the Federal Railway Authority or a railway company operating a Federal Railway, for consumption in the construction, maintenance or operation of a Federal Railway, and
- (2) that the provincial law shall ensure that the price of electricity sold to the Federal Government, the Federal Railway Authority or a railway company, for consumption as aforesaid, shall be less by the amount of the tax than the price charged to other consumers of a substantial quantity of electricity.

The first condition was incorporated in the Madras Electricity Duty Act, 1929, by the Madras Electricity Duty (Amendment) Act, 1941, but the second condition was not. It is therefore considered necessary to amend the Madras Electricity Duty Act, 1929, so as to bring it into strict accord with the provisions of section 144-A referred to above. A Bill for this purpose was accordingly published for criticism. After considering the objections and suggestions received, His Excellency the Governor has enacted the Madras Electricity Duty (Amendment) Act, 1943.

(By order of His Excellency the Governor)

Secretary to Government.

Madras City Municipal (Amendment) Bill, 1943

Page 32

The following Bill, together with the Statement of Objects and Reasons, is published for the purpose of eliciting opinion. Notice is hereby given that the said Bill will be considered on or after the 3rd March 1943 and that any objection or suggestion which may be received with respect thereto before the said date by the Secretary to the Government of Madras in the Local Administration Department, will be considered.

A Bill further to amend the Madras City Municipal Act, 1919.

WHEREAS it is expedient further to amend the Madras City Municipal Act, 1919, for the purpose hereinafter appearing;

AND WHEREAS the Governor of Madras has, by a Proclamation under section 93 of the Government of India Act, 1935, assumed to himself all powers vested by or under the said Act in the Provincial Legislature;

NOW, THEREFORE, in exercise of the powers so assumed to himself, the Governor is pleased to enact as follows:—

Amendment
of section 91,
Madras City
Municipal Act,
IV of 1919.

2. In the proviso at the end of section 91 of the Madras City Municipal Act, 1919, after the word "Provided" the word "further" shall be inserted, and before the proviso as so amended, the following proviso shall be inserted, namely:—

Madras A
17 of 1919

"Provided that any amendment or modification made by the standing committee or the council shall relate only to alterations in, additions to, or omissions from, the schedule previously in force, which are proposed by the commissioner."

STATEMENT OF OBJECTS AND REASONS.

When the establishment schedule of the Corporation of Madras is placed by the Commissioner before the standing committee under section 91 of the Madras City Municipal Act, 1919, the standing committee is given power either to approve or to amend the schedule as it thinks fit and lay the schedule before the council with its remarks. The council is similarly given power to sanction the schedule with or without modifications. Under the section as it now stands, it will be open to the standing committee and the council to amend or modify even those portions of the establishment schedule in respect of which no alterations have been suggested by the commissioner. Thus the standing committee may recommend, or the council may sanction, the grant of special pay or allowances to individual members of the establishment, although the commissioner made no such recommendation in that behalf. These powers are not possessed either by municipal councils or by local boards. Section 70 (2) of the District Municipalities Act and section 67 (1) of the Local Boards Act prohibit municipal councils and local boards from considering any proposals for the amendment of their establishment schedules except at the instance of their executive authorities. These are statutory provisions and conduce to the maintenance of proper disciplinary control over municipal and local board establishments by the executive authorities concerned. The object of this Bill is to bring section 91 of the City Municipal Act into line with the corresponding provisions of the District Municipalities and Local Boards Acts in regard to this matter.

(By order of His Excellency the Governor)

Secretary to Government, Legal Department.
